- # 2** Prepare your fireworks display well in advance.
- # 3** Do not drink alcohol. Fireworks and drinking do not mix.
- # 4** Set up the firework items as specified in the instructions.
- # 5** Never hold a lit firework item in your hand, unless the instructions allow it.
- # 6** Never lean over a lit firework item.
- # 7** Maintain a proper safety distance from the firework items, as specified in the instructions, and ensure that your spectators do likewise.
- # 8** Wait before walking up to a firework item that is not working. Never attempt to re-light a firework item unless the instructions so allow.
