

Brand på lagerområde på en anläggning för avfallshantering.

961107

Brandorsaken är okänd men kan vara en brand i en soptunna strax utanför anläggningen. Branden spred sig i tre lagerbyggnader. 65 personer från räddningstjänsten var inbegripna med släckningsarbetet. Släckningsvattnet samlades upp och fördes till en tank för behandling.

Inblandade ämnen och mängder

	CAS Nr.	Mängd
ospecificerade mängder av diverse kemikalier		

Skador:

Människor:	Inga personskador.
Materiella:	Anläggningen förstördes.
Miljö/ekologi:	Inga effekter rapporterade.
Infrastruktur:	Inga effekter.

Erfarenheter redovisade (Ja/Nej): Nej

Report Profile

Identification of Report:

country: FA ident key: 1800_251_01

reported under Seveso I directive as major accident reports: SHORT

Date of Major Occurrence: Time of Major Occurrence

Short Report

country: FA ident key: 1800_251_01

Accident Types:

release: No explosion: No

water contamination: No other: No

fire: Yes

description:

fire of 3 ware houses.

Substance(s) Directly Involved:

toxic: Yes explosive: Yes

ecotoxic: Yes other: No

flammable: Yes

description:

All not usable chemical products (acids, bases, solvents,...) in small amounts; total quantity involved 100 tons.

Immediate Sources of Accident:

storage: Yes transfer: No

process: No other: No

description:

3 buildings covering a total of 500 m2 storing the conditioned waste in small containers.

Suspected Causes:

plant or equipment: No environmental: No

human: No other: Yes

description:

The origin of the fire could have been the fire of a dustbin on land adjacent to the plant.

Immediate Effects:

material loss: Yes

human deaths: No

human injuries: No community disruption: No

other: No

ecological harm: No

national heritage loss: No

description:

The installations are destroyed. There is no victim. There is no environmental impact, atmospheric tests were performed and did not detect any pollutants like hydrocyanic acid, chlorine, phosgene, etc.

Emergency Measures taken:

on-site systems: Yes **decontamination:** No

external services: Yes **restoration:** No

sheltering: No **other:** No

evacuation: No

description:

65 fire fighters were mobilised. The fire extinguishing water was collected in a tank specifically designed for this purpose.

Immediate Lessons Learned:

prevention: No **other:** Yes

mitigation: No

description:

no indication
